

Top Line Safety and Security

Safety

- We would rather be late than have you get hurt.
- Blind people can't see weddings and babies. Always wear your personal protective equipment in the work zone.
- If you don't know how to do something, ask for help. Do not try to "figure it out".
- Wherever you are, be there. Stay focused, pay attention. Fingerless people can't hold hands.
- You must have training and be approved to operate any motorized equipment.
- Nail guns can kill you and others. Get training, always disconnect before refilling or trying to un-jamb it.
- Keep your work area clean of debris and clutter. Same level falls are a significant source of injuries.
- Use fall protection
- Never stand on the top two rungs of step ladder. Go get a taller ladder.
- A safety coach will be circulating around the site during the day. Follow their instructions.

Security

- If you feel threatened, or see a threatening situation, call 911.
- The site will have someone present 24/7 while there are materials stored outside and until the building can be locked.

Emergency Numbers

- 911 for Police, Ambulance, Fire
- Charles Dunning – Site Superintendent – 920-858-6338
- Pastor Larry Creamer – 920-915-7499

Church Address

Valley Baptist Church
3600 N Chippewa St
Appleton, WI 54911
(SE corner of I-41 and Hwy 47)
