

## ***Site Facilities***

### **Storm Shelter**

In the event of dangerous weather, the team will take shelter in the Youth Center, under the existing Welcome Center.

### **Weather Radio**

A weather radio is located in the church kitchen with an air horn. In the event of a tornado warning, one of the kitchen staff will go outside and sound 3 long blasts (3 seconds each) to warn the team. Everyone will immediately unplug their tools and proceed to the storm shelter.

### **Tent**

Arrangements have been made to have the BFC tent delivered and set up by the middle of May.

### **Kitchen**

The kitchen will be ready for use by the time the first team arrives. See the kitchen section.

### **Telephone**

A landline telephone is available in the church kitchen.

### **FAX**

The church does not have a FAX number.

### **First Aid / Medical**

A first aid kit and direction to hospitals and urgent care facilities will be located in the kitchen. If there is an emergency, dial 911. See the Safety and Security section for more. See the Medical section for more.

### **Hand Washing**

A trough with running water large enough for multiple people will be located near the dining tent. It will be ready before the first team arrives.

### **Portable Toilets**

Separate men's and women's portable toilets will be conveniently located and serviced at least weekly.

### **Garbage / Trash**

Dumpsters for garbage and a roll-off for construction debris are available and will be emptied as needed.

### **Onsite Storage**

There are storage units on site. The church garage is available as well as several truck trailers or sea vans.

## ***Site Facilities***

### **Eyewash**

An emergency eyewash station is provided in the construction area.

### **Site Clean-up**

See the Onsite Volunteers section for details on daily clean-up for the kitchen and construction site.

### **Laundry**

The house known as the COVE has a washer and dryer in the basement available for use. Detergent is provided. Other options are your hotel and local laundromats. See the Laundry description in the Housing tab.

### **Wifi and Internet**

The church has made arrangements to boost its bandwidth to accommodate a lot of visitors. It may not be as good as home, but it will be better than having done nothing.

### **Emergency Placards**

Placards with emergency numbers and the church address are posted around the site on bright yellow paper.

### **Showers**

There are 3 showers at the church that can be used.

- In the Welcome Center, men's downstairs restroom.
- In the Welcome Center, women's downstairs restroom.
- In the Cove.
